SUMMARY

M.S. in Software Management at Carnegie Mellon University (Silicon Valley). Data and business analysis experience across Southeast Asia's largest e-commerce platform and cloud AI products, spanning A/B testing and user behavior analytics. Seeking Summer 2027 Data / Business Analyst internships.

EDUCATION

Carnegie Mellon University, Mountain View, CA Expected Dec. 2027
Master of Science in Software Management (MSSM)
National Taiwan University (NTU), Taipei, Taiwan Sep. 2021 - Jun. 2025
Bachelor of Social Science in Bio-Industry Communication and Development, Marketing Focus
• Coursework: Big Data Analytics (A+), Statistical Modeling with Python & Excel (A+), Data Visualization (A+)

PROFESSIONAL EXPERIENCE

Category Management Analyst, Shopee Taiwan Jul. 2025 - Apr. 2026
Home & Living category | 5 subcategories | 50+ key sellers
• Ran A/B tests and built dashboards in Excel for a subcategory that grew **75% YoY in GMV**.
• Led a price subsidy strategy with top sellers based on competitor pricing for top SKUs, delivering **10% MoM** revenue growth.
• Identified light bulbs as the category's entry purchase through buyer segmentation, then converted the insight into targeted coupons and a curated decorative lighting section.

Data Analysis Assistant, NTU OpenCourseWare (OCW) Feb. 2025 - Jun. 2025
• Analyzed viewer behavior from **36M+ views** across **100+ OCW course videos**, introducing retention metrics (completion rate, drop-off) that replaced traditional click-based evaluation.

Cloud Product Management Intern, Cathay Financial Holdings Jul. 2024 - Jun. 2025
"Smart Archie" | internal LLM assistant that turns dialogue into cloud architecture diagrams
• Researched **45+ AWS and GCP services**, consolidating findings into a cloud adoption report that guided executive decision-making for cloud migration.
• Led **8 user interviews** with cloud architects, translating needs into actionable insights, resolving top UX pain points and advancing the product **from V0.4.0 to V0.4.1** with 4 new features.

Competitive Analysis Intern, Shopee Taiwan Aug. 2023 - Jun. 2024
• Benchmarked 3+ competitors' campaigns to inform promotion planning for the following quarter.
• Analyzed **1,000+** momo livestreams to identify audience retention patterns, informing content strategy for subsequent campaigns.

PROJECTS

Delivery Reliability Analysis (Olist) — SQL, Tableau | [Case study](#)
• Analyzed Brazilian e-commerce order data to show late shipments drive ~1/3 of negative reviews, then prioritized fixes by seller region and category.

Job Intelligence Agent — TypeScript, LLM API | [Case study](#)
• Built an AI agent that aggregates internship postings from 6 sources, ranks them by LLM match score, and drafts resume-grounded application materials, cutting 30+ min of daily manual search.

SKILLS & ADDITIONAL INFORMATION

- Data & Analytics:** Excel, R, SQL, Python (pandas), Tableau, SPSS, AWS, GCP
- Business & Strategy:** A/B Test Planning, Data Visualization, Project Management, Market & Competitor Analysis, Digital Marketing, Statistical Modeling
